Dear Mr. Weiss,

FILA is very happy to support and recommend RW Sport Specific and its 2020 Wrestling program which is very innovative and aimed to provide young wrestlers with the environment and the tools necessary to develop them as athletes in all the wrestling styles on a long term basis.

This program which is the result of many years' observation of the wrestling world, its rules, its strategy and of FILA's vision and mission, will also play a key role in the education and training of coaches and athletes.

FILA hopes that RW Sport Specific will become a leading Sports Wrestling Institute in the future.

Yours sincerely,

Raphaël Martinetti  
FILA President
